## Principal report April 14, 2026

- Our new Principal is Elise Thorton. She is coming to our school with a wealth of experience and knowledge. Spent time here on Friday and she is very excited to begin her journey as a principal. We will ask her to attend our next meeting.
- We currently have 413 students, up 38 students from last time this year.
- We currently have 40 which are all resident students registered for kindergarten. This is a great number for this time of year.
- We are staffing for next year and planning our inclusive profile and budget. This is a principal's busy time of year as we are setting up for next year.
- We will be getting two portables for next year. Exciting news as we are definitely going up in enrollment.
- Some of our students are participating in reading buddies with the Braided Journeys program from Cardinal Collins.
- We are running flex time for all grades, so our teachers have time to collaborate focusing on literacy and numeracy.
- We have many struggling readers in our school, so this continues to be our focus.
- We had our Easter celebration on Friday and a farewell for Isabel Denis. It was wonderful.
- We are meeting as a leadership team tomorrow to get pricing on all the things on our wish list.
